VOLUME 53, NUMBER 20

WHITESBURG, KENTUCKY, THURSDAY, SEPTEMBER 29, 1960

10 CENTS

THE PLEASANTEST TIME OF THE YEAR--It's autumn in Eastern Kentucky and just any day now a miraculous change will turn sweet gum leaves a glowing red and bathe other trees in warm golds and oranges and soft yellows and browns. For a few weeks the countryside will look like an artist's palette, and the brilliance of the blue sky and vividness of the sunsets will add to the picture. This is the season of crisp mornings, drowsy days, cool nights. Just the time to take a drive along a country road such as this one in Menifee County and relax and enjoy the world as it ought to be. Turn your car off any main road in Letcher County--drive through Flat Gap, for example--and look at the beauty around you. Who wants the Blue Grass when there are sights in the mountains like these?

Miners' second trial under way

CAMPTON, Ky., Sept. 28.—A mine guard and one of three defendants in a murder trial gave sharply conflicting testimony Wednesday about events surrounding the slaying of another guard.

Curtis Absher, a guard at the Little Shepherd coal mine, testified in Wolfe Circuit Court that Democrat Holliman, Harrison Stidham, and Verlin King, the three defendants, kidnapped him in April, 1958.

Later the trio returned with him to the mine, and James Otis Adams was shot to death a few minutes afterward, Absher testified.

Story Disputed

Holliman, leading off defense testimony, said Absher went voluntarily with him and his companions to sign up with the United Mine Workers union, which was then conducting a strike in Eastern Kentucky. The defendants, all from Letcher County, were identified as union members.

After finding nobody to accept Absher's membership, the three men took him back to the mine, Holliman testified.

He said he did not know what all the shooting was about

when Adams was killed a few minutes later.

Absher testified, however, that Stidham shot into a coal truck in which Adams was riding and that Holliman ran around the truck and shot into it from the other side.

Absher said he was on duty at the mine when the three men disarmed him, hit him on the head with a gun, and kidnapped him. During the time the three drove around with him, the truck followed them, he said.

Two other mine guards, Hillard Adams and J. B. Pendleton, also testified that they witnessed the slaying. Hillard Adams is a brother of the slain man.

Holliman was the only defense witness Wednesday.

This is the second time Holliman, Stidham, and King have been tried for murder in Adams' death. An earlier trial ended in a jury disagreement.

Governors to confer about us

Governors of 11 states will meet in Lexington October 17 and 18 to consider problems of the Appalachian area, which includes Letcher County and the rest of Eastern Kentucky.

The meeting was announced by Gov. Bert Combs of Kentucky after a luncheon with other governors of Appalachian states at the Southern Governors Conference at Hot Springs, Ark.

The 11 states in the Appalachian region—which embraces 11 states—which embraces 8,000,000 persons—are Alabama, Georgia, Kentucky, Maryland, New York, North Carolina, Pennsylvania, South Carolina, Tennessee, Virginia and West Virginia.

The conference on economic and development problems of the Eastern Mountain region is an outgrowth of work by the Eastern Kentucky Regional Development Commission and its director, John Whisman.

Combs and Gov. J. Millard Tawes of Maryland are leading the organizations of a new conference of chief executives to seek areas of joint action in working out Appalachian problems.

(Maryland's Economic Development Department is headed by George Hubley, former commissioner, and Bill Pate, former deputy commissioner, of the Kentucky Department of Economic Development. The two were instrumental in setting up the Eastern Kentucky regional commission shortly after the 1957 flood.

The governors say the Eastern mountain area—largely coal mining, oil, gas, timber and marginal farming—poses severe economic and social problems for each of the 11 states.

Among those definitely planning to attend the meeting at Lexington are Combs, Tawes, J. Lindsay Almond Jr. of Virginia, Luther H. Hodges of North Carolina, Buford Ellington of Tennessee, and David Lawrence of Pennsylvania.

Economic and conservation specialists from the other states will attend if their governors cannot.

Fleming-Neon Parent-Teacher group opens year with potluck supper

The first Fleming-Neon P.T.A. meeting of the year was held Monday at the F-N Grade School. New officers elected were James Morris, President; Mrs. Loretta Banks, Vice-President; Mrs. Billie McKinney, 2nd Vice President; Mrs. Margaret Craft, Treasurer; Mrs. Audrey Stallard, Secretary.

Enlistment of new members for the first meeting was 30. There

were 34 parents and teachers present.

Plans have been made to increase membership of both parents and teachers. When more parents take part in P.T.A. we will have a better school, P.T.A. officials said.

A pot luck supper was served. The next meeting is set for Oct. 10, 1960, at the new high school at 7:30 p.m.

CITY OF JENKINS GAS FRANCHISE

ORDINANCE NO. 1

Prepared by Le Roy Fields
Attorney, Whitesburg, Ky.

AN ORDINANCE PROVIDING FOR THE SALE OF A FRANCHISE OR PRIVILEGE TO CONSTRUCT, LAY, MAINTAIN, OPERATE, REPAIR AND REMOVE MAINS, PIPES AND CONNECTIONS AND APPURTENANT EQUIPMENT FOR THE PURPOSE OF TRANSPORTING, DISTRIBUTING AND VENDING NATURAL AND ARTIFICIAL GAS OR A MIXTURE OF SAID GASES FOR THE PUBLIC AND PRIVATE USES, ALONG, UNDER, OVER AND ACROSS STREETS, AVENUES, LANES, ALLEYS, AND PUBLIC GROUNDS OF THE CITY OF JENKINS, LETCHER COUNTY, KENTUCKY, FOR A PERIOD OF TWENTY YEARS.

BE IT ORDAINED BY THE BOARD OF COUNCIL OF THE CITY OF JENKINS, LETCHER COUNTY, KENTUCKY, AS FOLLOWS:

That there be, and is hereby granted the right, privilege and franchise to construct, operate and maintain within the city of Jenkins, Kentucky, a city of fourth class, a gas system and system of mains to furnish gas to said city of Jenkins and its inhabitants.

NOW THEREFORE, in order to carry into effect the purpose for which this franchise is granted, this ordinance is subject to the following stipulations, agreements, and conditions, vis:

The right to use the public streets, avenues, lanes and alleys within the city limits of the City of Jenkins, Kentucky, for the purpose of laying mains and pipes through which to conduct natural or artificial gas for the period of twenty (20) years by duly advertising for sale to the highest bona fide bidder, the city reserving the right to reject any and all bids.

If any bid be accepted, the term of such rights will be for a period of twenty (20) years, but the privilege so granted shall not be exclusive for any part of said period of time.

The sale will be made for cash in hand at date of sale, but the amount so paid shall be returned to the successful bidder in case said sale is not confirmed by the Board of Council, and on the following additional conditions:

The sale of franchise herein contemplated shall be made by the City Clerk of the City of Jenkins, who is hereby commissioned to duly advertise said right and privilege for sale in four (4) consecutive issues of the Mountain Eagle, a weekly publication of Whitesburg, Letcher County, Kentucky, and posting of five (5) copies of said ordinance, one at the City Hall and four (4) others in public places within the corporate limits of the City of Jenkins, and on October 8, 1960, on which day, between the hours of 12:00 o'clock noon and 2:00 o'clock p.m., said clerk shall at the front door of the City Hall in this city, offer at public outcry to the highest bona fide bidder, for cash in hand or a certified check, plus all costs, including advertising cost, the right and privilege of using the streets, avenues, alleys, and lanes of said city of Jenkins for the purpose of conducting, conveying and transporting natural gas or artificial gas, or both, in pipes for public and private use in the city of Jenkins from the date of said sale for and during a period of twenty (20) years.

The purchaser of said franchise and his associates, successors, and assigns shall have power under it to open said streets, avenues, alleys and lanes for the introduction of pipes and mains for the purpose of transporting, distributing and vending natural and artificial gas or a mixture of said gases for public and private uses along, under, over, and across said streets, avenues, lanes, alleys and public grounds of the city of Jenkins, Kentucky, under all the restrictions and provisions hereinafter contained.

That all excavations made by the purchaser of this franchise, his associates, successors, and assigns, for the introduction of pipes and mains for the purpose aforesaid, shall be made with the least practical inconvenience to the public individual and with all reasonable dispatch; that all damage to streets, sidewalks, or other public places by and on said excavations shall be repaired by said parties at their own cost and without unnecessary delays. If said parties shall fail or neglect to make the necessary repairs within a reasonable time from the date of making such excavations, then the city may remove or repair the same at the cost

Announcing the 1961 Ford...
Beautifully proportioned to the

**CLASSIC
FORD
LOOK**

The 1961 Ford Galaxie Club Victoria—beautifully built to take care of people

An honor to be proud of, this is the medal presented by the international fashion authority, Centro per L'Alta Moda Italiana, to the 1961 Ford for functional expression of *classic beauty*.

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

The 1961 Ford introduces a whole new concept of what a car can do for you . . . and for itself.

It lubricates itself. New nylon bearings and a newly developed lubricant keep the '61 Ford freshly greased for 30,000 miles. It cleans its own oil. The 1961 Ford's Full-Flow oil filter lets you go 4,000 miles between oil changes.

It adjusts its own brakes. A "mechanical brain" keeps brakes adjusted for the life of the lining.

Rust? Ford's body is specially processed to resist corrosion, even to galvanizing body panels beneath doors.

Ford takes care of itself on the turnpike, too, with a new 390-cu. in. Thunderbird Special V-8 that has all the punch you'll ever need. The 352 Thunderbird Special V-8 and 292 Thunderbird V-8 thrive on regular gas. And, for top economy, you can choose the '61 Mileage Maker Six.

This is the 1961 Ford . . . beautifully proportioned to the Classic Ford Look . . . beautifully built to take care of itself.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

LUBRICATES ITSELF. You'll normally go 30,000 miles without a chassis lubrication.

CLEANS ITS OWN OIL. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

ADJUSTS ITS OWN BRAKES. New Truck Size brakes adjust themselves automatically.

GUARDS ITS OWN MUFFLER. Ford

mufflers are double-wrapped and aluminized—normally will last three times as long as ordinary mufflers.

PROTECTS ITS OWN BODY. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath doors.

TAKES CARE OF ITS OWN FINISH. New Diamond Lustre Finish never needs wax.

Parents, teachers and students honor Letcher graduates going to college

Some 300 parents, teachers, and friends met Friday night, Sept. 9 and gave a Pot-Luck supper and Program in honor of the Letcher High graduates who are enrolled or plan to enroll in college this fall.

The theme of the program was "Head Aches or Head Start?" The chief purpose of the program was to enlighten students concerning the problems to be faced and to stress the fact that any one desiring a college education can get it if he has the ability and determination.

The Letcher P.T.A. Scholarship Committee was in charge of the program and brought the group a fine program. Dr. Robert Martin, Pres. of Eastern Kentucky State College headed the panel of speakers which included Don Back, Jeremiah, senior at Morehead; Sue Breeding, Jeremiah, junior at Morehead; Doris Caudill Smith, Letcher, senior at Eastern;

Ruth Asher, Blackey, sophomore at Union College; and Shirley Adams Pace, Jeremiah, graduate Nurse from Harlan Memorial Hospital.

Of the 55 Letcher High graduates of 1960, 34 have been accepted and plan to attend some college. This is 62% of the class and is well above the State or National averages. One of the objectives of the Letcher P.T.A. is to increase this percentage in the future.

We were honored to have the following school personnel present: Superintendent Sanford Adams, Assistant Superintendent Ruben Watts, Finance Director Lee Adams, Member of the Board of Education, Kern Whitaker, Director of Pupil Personnel, Tilden Gase, and eighteen of the Letcher teachers.

Residents of Thornton work against fires

On Friday night, September 2, at 7:30 o'clock, a group of people from throughout the county met at Thornton School for the purpose of forming a Letcher County Forest Fire Prevention Committee.

Venson Caudill, teacher at Thornton School served as temporary chairman.

The motion was made and duly seconded that Venson Caudill be made permanent chairman. He was unanimously elected by the group.

T.R. Collier, farmer and tree setter, was nominated and unanimously approved for the position of vice-chairman.

James Long of the Neon Fish and Game Club was chosen as permanent secretary.

Present at the meeting were: Venson Caudill, Charles Marcum, schoolboy tree setter, William Collier, Henry Rose, Jr., Ola Rose, Jan Rose, Mary Rose, Lundy Rose, Mitchell Rose, Forester Sexton, Lester Sexton, Benny Sexton, Ruby Wright, Geraldine

Marcum, Janet Baker, Charlotte Cook, Linda Long, Gary Collins, Clarice Long, Lee York, and Will Williams, of Thornton; Clifford Baker, Henry Rose, Major Day, Tommy Cook, Arnold Blair, George York, Ernest Caudill, and Henry Goins, forest fire warden.

Others attending were Will Proffitt and Will Williams, James Long of the Neon Fish and Game Club; Jack Strunk of Neon Fish and Game Club; Woody McKinney Creighton Hall of McRoberts Fish and Game Club; and Bennett Mullins of McRoberts, a member of McRoberts Wildlife Club and employee of the Kentucky Division of Forestry.

From Mayking were Newt Collier of Kentucky-West Virginia Power Company; B.R. Adams, member of Soil Conservation District Board and ASC committee; and Cecil Caudill, ASC Office Manager.

Also present were Joe Boggs, Roxana, employee of Kentucky Division of Forestry, and Cecil Hensley of Whitesburg, employee of Soil Conservation Service.

For sometime the people of Thornton community have been concerned with the problem of forest fires. In February of 1960, they decided to meet and discuss ways of controlling this menace to existing timberland and to the young trees being set each year by their conservation clubs and farmers.

Venson Caudill, teacher and conservation leader, called the meeting of local people. County agricultural agency representatives were called in to assist the meeting. So much progress and interest were indicated that the Letcher County Forest Fire Prevention Committee was formed at Thornton and is to serve as a pattern or example to be used in setting up Forest Fire Prevention committees in every community throughout the county.

By Laws of the Letcher County Forest Fire Prevention Committee are to be presented at the Forest Fire Prevention meeting to be held at Berea October 8 and 9, to be used as guide lines for the state-wide Kentucky Fire Prevention Committee.

tion committees.

The Thornton people, through cooperative effort, have done a great deal toward solving their problem. They feel that a local approach to a local problem can be effective. Joe Boggs, the forest fire warden points out that the number of forest fires in the community decreased from twelve to four in the last two years. Through community meetings, the people of Thornton feel they can be instrumental in applying the same idea in each and every community within the county.

Responsibility for writing the by-laws was delegated by the chairman to Cecil Hensley, Cecil Caudill, Jack Strunk, and Arnold Blair.

It was agreed by the committee to meet with the Neon and McRoberts Fish and Game Clubs Octo-

ber 1, 1960. Bylaws will be presented for approval or revision at this meeting.

14 Letcher students at Caney College

Fourteen graduates of Letcher County schools have entered Caney Junior College this fall: Meredith Adams, Coleman Blair, Herman Blair, Bill Caudill, Lee Comett, and John W. Hall from Letcher High School at Blackey.

Also, from Whitesburg: Velda Dollashide, Phyllis Stumpf, Harold Vance, and Donald Yonts. And from Fleming-Neon: Doris Bentley, Hillard Bentley, and David Ladd.

From the Kingdom Come High School of Linenfork, one student: A. Z. Ison.

Ulva residents have birthday parties, toothaches, company, blacksnakes

by Lovell Caudill

The saying goes "Alls well that ends well". That is what proved out with Charles Edd Caudill last Sat. night. He celebrated a happy birthday by having about thirty of his school friends in for a party. Danny Bates was due a star for out-talking the other boys.

Sallie Brown is spending a few days in Indianapolis, Ind. visiting relatives and friends.

Denzil and Marjoria Whitaker and kids spent Sunday with the Ray Browns. Also had as guests for dinner Bemis and Dean Pratt and little Paula.

Irene Back spent the weekend with Dorothy Karen Caudill.

Donna Rae Brown is setting up with a very bad abscessed tooth. She has just come through a seige of tonsillitis.

Aunt Liza (Eldridge) Miller is not feeling too good. She was able to sit up Sun. when Mrs. Jim Caudill dropped by to see her.

Tony Robertson and wife Sue (Collins) were visiting the Joe Collins and Caudills this past week. Mr. Robertson was collecting special kinds of herbs for med

ical purposes. They reside at Lexington.

Mr. and Mrs. Carlos Dixon were here over the weekend. They never made it around to see their Aunt Dub. Better luck next time. They can guess what she had for them.

Janis Mitchell had one unwanted guest last Friday night. While she talked with friends in the living room, a five foot black snake, frightened by the dogs, ran into the kitchen. Burnam Mitchell killed it.

Onis Collins made a special trip home this week to visit with his Aunt Dub.

Rex Brown has received his call from Uncle Sam to report for examination on Oct. 10th.

Violet Brown left last Sat. for Lexington where she will attend business college.

LACKLAND AFB, Texas--Airman Gary W. Sanders, son of Mr. and Mrs. Andrew Farley of Box 296, Jenkins, Ky., has been assigned to a unit of the Air Defense Command at Paine Field, Washington, for duty & training as a Communications Center Specialist.

WILMER BROWNING

Specialist to help plan extension services for year

Wilmer Browning, Extension Specialist in Agricultural Economics will be at the Extension Office in Whitesburg to help with the regular Annual Planning Meeting of the County Extension Council.

This meeting will be Friday, October 7, beginning at 9:30 EST. Anyone interested in the program planning of Extension work for the coming year may attend.

Social Security Law changes explained

The 1960 Amendments to the social security law reduce by about one-third the length of time a person has to work under social security to become insured for the benefits to himself and his family, Mr. W. H. Hobbs, Field

Representative of the Hazard Social Security Office, said today.

Under the new rule, instead of needing two calendar quarters of work for every four quarters after 1950, the number of quarters now required is one for three quarters.

For example, persons reaching retirement age (65 for men, 62 for women) this year need only about 3 years of work under social security instead of 4 1/2 to 5 yrs. required by the old law.

The changed rule applies also in cases where the worker has died.

Unchanged, however, is the provision that no one may get benefits without at least six quarters (1 1/2 years) of work.

Methodists meet

The Bowman Memorial Methodist Church of Hazard was host on Thursday, September 15, to the Annual Seminar of the Women's Society Of Christian Service of the Barboursville district.

Mrs. Charles L. Smith, District Secretary of Missionary Education from Pineville, presided and presented the theme for day: "Thy Word Our Law".

The purpose of the meeting was to review and plan for the mission studies for the year in world and national missions, Christian social relations and the Bible.

Those who appeared on the program included Mrs. J. L. Hays, Whitesburg, district President, who introduced the District Secretaries and the guest speaker of the day, Mrs. J. W. Holbrook, Morehead, Kentucky Conference President.

S/Sgt. James Collier completes training

Beale Air Force Base, Calif. Staff Sergeant James M. Collier son of Mr. and Mrs. Roy Collier of Hall, Ky., has recently graduated from Non-Commissioned Officers Preparatory School at Beale Air Force Base, California.

He is presently serving with the 4126th Aircraft Support Squadron in the 4126th Strategic Wing, a B-52 Stratofortress unit at this Strategic Air Command dispersal base.

He graduated from Fleming-Neon High School on 21 May 1952. He entered the U.S. Air Force on 27 May 1952 and received his basic training at Lackland Air Force Base, Texas.

HERE! '61 CHEVY TRUCKS

WITH WORK-PROVED
INDEPENDENT FRONT SUSPENSION!

Chevy's '61 fleet swings in with a ready-made reputation as the trucks that are worth more because they work more . . . the latest editions of the haulers that scrapped the I-beam axle and proved the important advantages of independent front suspension!

You'll find new models for '61—long-wheelbase 4-wheel drive units—and thoughtful refinements throughout the line. But the big news for '61 is nailed-down proof (based on owner reports) that Chevy's torsion-spring design is the best thing that's happened to trucks in decades!

With Chevy's independent front suspension and Sturd-Bilt design, you cruise over trails where other trucks creep. You feel the difference in less wheel fight and vibration. You can see why drivers are happier, why loads are better protected and why the truck itself will stand up to thousands of miles of more work. That goes for any size Chevy, too—pickups, tilt cabs, tandems, all of them.

Check the latest specs with your Chevrolet dealer: capacity, power teams, options. Then, by all means, drive a '61. Once around the block and you'll never be satisfied with a front axle truck again!

Yellowjackets meet Lynch in last home game

R. Percy Elkins

After meeting the state's twelfth best team in the Hazard Bulldogs last Friday the Jackets not host the state's fourth best team in the Lynch Bulldogs. The re-building Letcher Countians dropped a forty to nothing decision to Hazard at the Perry County seat but should give Lynch a much better ball game. This is the final home game for Whitesburg,

so let's all go out and see the festivities.

Pikeville jumped into a first place tie with Hazard by annexing its fourth victory against Wheelwright 33 to 18. Jenkins surprised Prestonsburg in a six to nothing win. Fleming was idle last week but should give Lynch a much better ball game. This is the final home game for Whitesburg,

EKMC's most important affair and Jenkins is at home against Clintwood, Va. in a top game. This week's games and Predictions ()

*An announcement by HENRY FORD II
of importance to every buyer of a 1961 automobile . . .*

“The Warranty On All 1961 Ford Motor Company Cars Is Being Extended To 12,000 Miles Or One Full Year.

“The 1961 line of all Ford Motor Company passenger cars will bring to the American market the finest automobiles ever produced by this company.

“Every Ford, Falcon, Thunderbird, Mercury, Comet and Lincoln-Continental has been styled, designed, engineered and manufactured with three primary goals in mind: (1) finest quality; (2) greatest durability; (3) most reliable operation.

“So confident are we of the success of our efforts to achieve these goals that the written warranty on all 1961 Ford Motor Company cars is being extended to 12,000 miles or one full year, whichever comes first.

“No other American automobile carries a warranty like this. The previous Ford warranty, traditional in the industry, was for 4,000 miles or three months.

“We urge every prospective purchaser of a 1961 car to visit his Ford Motor Company dealer and learn all about the dealer's new 12,000-mile or one-full-year warranty.”

Henry Ford II
President
Ford Motor Company

ARRIVAL DATES:

SEPTEMBER 29: The new Ford line. Sixteen all-new, full-size models with the classic Ford look, ranging from the value-leader Fairlanes to six new trend-setting Galaxies.

OCTOBER 6: The 1961 Falcons and Comets—America's most successful compact car combination from America's largest producer of compact cars.

OCTOBER 6: The new Mercury line, with completely new styling and wider range of models.

NOVEMBER 3: Lincoln-Continental for 1961, America's completely new, distinctive luxury car.

NOVEMBER 10: Thunderbird. Unmistakably new for 1961, yet unmistakably Thunderbird.

Cavaliers surprise favored Prestonsburg 6 to 0

R. Percy Elkins

John Morgan's Cavaliers pushed the favored Blackcats into the hole all during the first half and then clinched the contest 6 to 0 when Larry Pack intercepted a Prestonsburg pitchout and sped untouched fifty-six yards for the game's lone marker. This gave Jenkins its fourth straight victory over the Blackcats.

The highly partisan Prestonsburg crowd was shocked at the rugged defense displayed by the Cavaliers in holding the home

team to no first downs in the first half.

Jenkins let it be known that they were out to win by marching back to the Blackcat forty-one with the first offensive of the game and then kicking and holding Prestonsburg on their twenty.

The Cavaliers received the punt and moved to Prestonsburg's fifteen before relinquishing the ball on downs. The Green Team held once again and received the kick on their forty. A fumble probably cost them a score

as they were halted on the eighteen after penetrating forty-two yards with the pigskin.

The fired-up Blackcats came roaring out in the second half and picked up three first downs to move the kick to the Jenkins forty-five, the first penetration into Jenkins territory. On third down Pack grabbed the Blackcat pitchout and was well on his way to TD land before the startled Blackcats could recover. Chapman's kick was wide, but Jenkins had their 6-0 lead.

George Elkins pounced on a

Blackcat fumble to halt the next drive on his thirty-eight. Jenkins kicked back and finally held the home team again on their twenty-five. The Green offensive began to click once again and they marched sixty-five yards and they marched sixty-five yards to the twelve of Prestonsburg where a field goal attempt was no good.

With but two minutes remaining Teddy Pass intercepted a Blackcat aerial and streaked back to the five yard stripe, but a clipping moved the ball back to the twenty-one.

Jenkins moved to the four yard line in six plays, but with third down the time ran out preventing what probably would have been another Jenkins touchdown.

John Lequire was easily the game's outstanding player and he picked up forty-two yards rushing, broke the other Jenkins back loose with timely blocks, and led the defensive team in tackles.

The whole offensive team looked much better in registering ten first downs and gaining 234 yards total. Adkins, Pass, Helton and Lequire played their finest games and Larry Pack caught two passes for fifty-one yards.

The defensive team was led by Lequire, Elkins, Pack and Ratliff looked good in his few minutes of play.

SPANNING NEW FULL-SIZE DODGE PRICED MODEL FOR MODEL WITH FORD AND CHEVROLET

The new automobile you're looking at is a 1961 Dodge called Dart!! It will upset automotive apple carts all over the place. Why? Because Dart is a full-size Dodge priced model for model with Ford and Chevrolet. It has Dodge room, comfort and quality throughout. It has a rattle and rust-proofed unitized body. A fine ride called Torsion-Aire. Dart has many other good things. Comes in 23 different models. You'll like Dart!!

JORDAN MOTOR CO. US 23 Jenkins

HERE ARE PICTURES OF SOME OF THE NEW AUTOMOBILE MODELS FOR 1961 WHICH WENT ON DISPLAY THIS WEEK. OTHERS WILL BE RELEASED THROUGHOUT OCTOBER AND INTO NOVEMBER.

Ford Falcon for 1961, which goes on display Thursday, has a grille that bends outward. The previous model's grille bent inward. An optional, 101-horsepower, six-cylinder engine is offered along with the standard 85-horsepower, six-cylinder engine. Single headlights are continued.

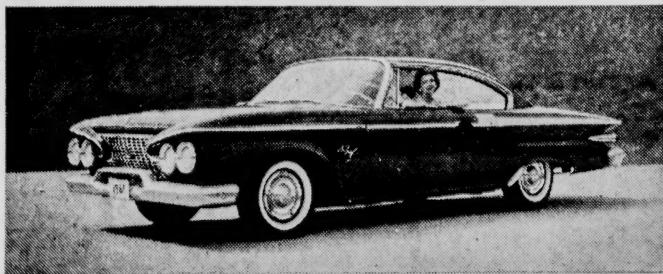

THE 1961 LANCER, Dodge's new entry in the compact car field, is available in a variety of two- and four-door sedan, hardtop and station wagon models. Above is the four-door sedan.

THE DART is Dodge's increasingly popular entry in the low-price field. Economy has been stressed in every component of the 1961 models. The new tires give 15 per cent more mileage. The six- and eight-cylinder engines operate on regular grade fuel. An alternator prolongs battery life. The all-rustproofed Unibody and high-quality enamel assure a longer life and a brighter finish.

Solid New Beauty in 1961 Plymouth

Plymouth for 1961 has a complete new look of beauty and a new ride of stability. Long an economy leader in the low-priced field, Plymouth in 1961 has made major engineering and styling gains in the areas of economy operation, trouble-free driving, luxury-car appearance and solid riding char-

acteristics. Twenty-six different models, five engines, four different transmissions, and 14 body colors and 30 two-tone body color combinations are offered in the 1961 Plymouth. The proven Unibody construction and Torsion-suspension system have been retained and there is a long list of new engineering features.

In MY Opinion 15

Shocked

To the editor:

On Monday of this week I drove through Haymond on my way home. I used to live there and in recent years the hills around the camp have been beautiful. Many old retired miners were living there happily.

I was shocked at what I saw. Strip mining around the town is destroying the beautiful hills and dirt is already washing down into the yards and houses. Haymond has always had floods even with trees on the hillsides. When the trees are gone the town will be flooded so often people can't live there any longer. The whole community will be lost to Letcher County and many old people will have to leave their homes and move away.

Can't you and other people see that? Surely there is some way this can be stopped before it is too late.

The people are sovereign and have a right to live that is higher than that of any coal company to make money. The people in Haymond and Letcher County ought to stop the practice at once. One easy and harmless way to do it would be simply for a group of people, the more the better, to go and just sit down in front of the bulldozers and trucks and not let them operate. Probably the operators would sue in courts and might get injunctions. But no judge (they run for election, you know) would be likely to put them in jail and if he did the jailor would turn them loose. And where could you find jurors who would convict a person for doing this? They would know that their land or town might be strip mined next.

I just hope and pray the people of the mountains will wake up before it is too late, and do something about this.

Norman Johnson

"That's Beauty!"

To the editor:

Thank you for your recent editorial entitled, "That's Beauty?" It really hurts to drive along among our beautiful mountains and see our roadways browned with weed-killer. Surely there is a better way to clear the roadsides - even less expensive.

I've sent your editorial to the Courier-Journal. I'm sure a lot of Kentuckians feel as we do.

A TRIBUTE
TO
BEYRL BOOGGS

Beryl E. Boggs was a valued employee of the Kentucky State Health Department for more than 31 years. He was assigned as Sanitarian with the Letcher County Health Department. Mr. Boggs was recognized as an outstanding man in his profession.

Mr. Boggs set the pattern for sanitation in Letcher County and his work left a permanent mark. He was a gifted engineer but he helped to solve the small as well as the large problems.

Beryl was a kind and honest man. He supported all worthwhile causes with his time and substance. He will live on in all the hearts that knew him for he was loved, respected and held in high esteem by everyone.

Most sincerely,
Grace Wells Collins.
